NO

Usage:	
Were all the medicines distributed and used before the expiry date?	
YES	
If some products were not used? What was done with them?	
All products are useful	
Which products were disposed of, if any?	
None	
Were there any Adverse Events to report from the use of the medicines or any Product Quality Complaints ? Please note any here.	Product Quality
x10	

How the products were used:	
In what setting were the medicines used (i.e. clinic, hospital, other)?	
Peripheral Health Units and Hospital	
What were the main health concerns and medical issues encountered?	
Quotas per diagnosis were insufficient	
What progress did you make to meet the objectives and outcomes you originally indicated in your application?	
Antibiotic Supplied were restricted to vulnerable patients	
How many people do you estimate were helped by the contents of the Essential Health pack? Please provide an estimated breakdown of the number of men, women and children.	
740 men and women	
Please describe some personal stories of how the medicines supplied met the needs of an individual.	
A patient with a bleeding peptic ulcer disease was treated	

Please send us photographs as separate attachments, we would particularly value photographs of the EHP arriving at the final destination, medicines being dispensed, patients being treated and photographs of the people in the stories detailed above. Please describe here what the photographs show.

For our future Essential Health Pack Programme:

What items would you like to see added to the EHP to improve it for the region or work you are involved in?

Ultrasound Machine (mobile), surgical instruments, surgical suture materials and electrocautery (diathermy) machines

Which medicines were the most useful?

Antidiabetics and antihypertensives

Which medicines were the least useful?

none

Would you use the EHP for subsequent trips? Why / why not?

Yes, Because the supplies filled a critical gap in the supply of drugs and medical supplies

We use testimonials from EHP carriers to help engage healthcare companies to donate medicines for future packs. If you would be happy to provide a quote about how the medicines from IHP have made a difference to you/your work, please share it here

There are so many counterfeit and sub-standard drugs in Senegal and this has led to poor patient management outcomes. The quality of the products from EHP is a move in the right direction.
